

J O B A N N O U N C E M E N T

WORKING TITLE: Database Administrator **PCN:** 100867
POSITION TITLE: Programmer/Analyst 5
(Non-Bargaining)

DEPARTMENT/Location: Information Technology/Northland **P. R.:** N19

REPORTS TO: Application Development Manager

RESPONSIBILITIES: This position is responsible for data analysis and SQL database management. Handle backups, maintenance, enhancement, designing of data dictionaries, physical and logical database models, and performance tuning. Configure and monitor batch job and interfacing processes to county, state, or vendor. Support the Application Development Team by creating and maintaining SQL databases, tables, views, stored procedures, and SSIS packages. Help the agency through the understanding of the databases for enterprise wide consumer applications, including OnBase. Manage application security at the database and stored procedure level by assigning permissions by Active Directory groups and enforcing best practice standards with regard to data delivery and storage. Frequently audit data layer to insure that all security practices are being followed. Update processes and procedures based on current standards. Write and maintains database documentation, including data standards, procedures and definitions. Use data standards documentation to enforce consistency (naming conventions, table, and column structures, and data access) across all FCDJFS databases. Perform research in aid in troubleshooting software production errors.

MINIMUM QUALIFICATIONS: Bachelor's degree in computer science, information technology or related field with five (5) years application and database development experience; or any equivalent combination of training and experience.

PREFERRED QUALIFICATIONS: Strong knowledge of SQL server 2008 or higher, SSIS, and SSRS. Experience with designing relational databases and optimizing database structure for performance and/or maintainability and the ability to design and optimize stored procedures. Programming Languages a plus – .NET (C#, visual Basic, MVC), HTML, or Javascript/JQuery. OnBase experience a plus.

STARTING SALARY: \$ 29.19 per hour. 180 day probationary period.
Plus a Comprehensive Benefits Package

DATE POSTED: Friday, October 9, 2015
